~ a beautiful, four-season region in the Appalachian Mountains of western Virginia. National Forests, country roads, rivers and streams, mountains, valleys and charming small towns offer some of the nation's best in family and rural lifestyles, job and entrepreneurial opportunities and wonderful outdoor recreation. To lifetime locals, transplants from all over and visitors alike, Giles (most residents drop the County) is a slice of heaven on earth.

92 SQUARE MILES OF JEFFERSON NATIONAL FOREST

52 MILES OF THE FAMOUS APPALACHIAN TRAIL

37 MILES OF THE STUNNING NEW RIVER

100s OF MILES OF TRAILS AND BACKROADS

SENSATIONAL SUNRISES AND SUNSETS

... and wonderful small streams, mountain biking and hiking, ziplining and awesome views provide a wide range of adventure.

From soft activities for the walker, birdwatcher, camper and geocache explorer to exhilarating escapades like whitewater rafting, treetop ziplining and challenging mountain biking and hiking that ranges from strolling to strenuous, Giles County is the perfect place to relax or challenge your limits ~ or both.

River Trail

The New River is the second oldest river in the world, so it was “new” when discovered, and it is one of the few to flow north. The majority of its 37 miles of Giles County is suitable for many activities though it ranges from a depth of a few inches in some places to 100 feet at the base of the Palisades Cliffs.

THE NEW RIVER WATER TRAIL

A new appreciation and recognition for the value of the nation's rivers is materializing through water trails. Which is where the ubiquitous paddle replaces the knobby-soled hiking boot for forward motion, and the trail is filled with sparkling, free-flowing water. From the seat of a canoe, kayak, raft, boat, or paddleboard, the waterway hiker in Giles County glides along the surface of the New River.

Preservation, restoration, and pure enjoyment of this historical river have propelled Giles County organizations and individuals to designate the New River as a natural, waterway trail. A little more than 10 percent of its 320 miles meander through the county, and the waterway is notable for being the second oldest river in the world (thus, New compared to the Nile). One of several stories about

its name points to a Captain Byrd. He was charged with opening a road from the James River to Abingdon in 1764. The map he used, written by Thomas Jefferson in 1755, did not show the river, so Byrd noted it as “New River.”

Headwaters are found near Blowing Rock, N.C., and the New River is one of a few waterways which flows north. Water depths in Giles County range from a few inches to 100 feet near the Palisades vertical rock cliffs cut away by the river's constant flow across centuries. Historically speaking, the New River provided a transportation route for Indians, pioneers, and commercial trades, and served as a life-saving landmark in the 1700s for Mary Draper Ingles. Mrs. Ingles was captured by Indians who took her hundreds of miles on waterways up into the Ohio Valley. Upon escaping, she followed the rivers

backwards, using the New River as her guide home.

A local cooperative effort has been initiated to promote and enhance New River Water Trail experiences, develop maps, and landmark designations, and connect with land and bicycle trails. As a recreational corridor through beautiful scenery, abundant fish and birds and noteworthy geological formations, the New River provides waterway adventures for all outdoorsy folks.

Visitors who enjoy a soft adventure can cruise quietly along sections of the waterway, while those who lean toward more thrilling excitement can find it in Class I, II, and III rapids in places along the entire 37 miles. Local outfitters offer equipment, guides, knowledge, and half-day, full-day and overnight excursions on this

EGGLESTON TO PEMBROKE

2718-3062 RIVER RD,
EGGLESTON, VA 24086

Distance: 6 miles
Estimated Float Time: 3 hours
Estimated Fishing Time: 6 hours

With towering cliffs lining both sides of the river, including the historic Palisades Cliffs on river right just downstream of the put in, this section is recognized as one of the most scenic floats in all of Virginia. Short riffles are scattered throughout the float, appealing to both boaters and anglers. Fly anglers can try casting a wooly bugger in the eddies and runs. While spin fishermen can try top-water baits along the grass edges early and late in the day. This float has one strong Class II, two milder Class II's, and several Class I riffles. Take out off Route 623 on river right at the Pembroke VDGIF ramp just upstream of the Route 623 Bridge.

PEMBROKE TO RIPPLEMEAD

201 RIVER ROAD,
PEMBROKE, VA 24136

Distance: 2.5 miles
Estimated Float Time: 1 hour
Estimated Fishing Time: 3 hours

A short but beautiful float characterized by numerous islands and riffles throughout, this section is a great run for a quick afternoon or morning float. It can also be added to the sections before or after it to lengthen the trip. One of the largest tributaries of the New, Walker Creek, enters on river left near the end of the float signaling the beginning of Whitt Riverbend Park. This float has one strong Class II at the beginning of the float and the rest are Class I and riffles. Take out off Route 636 on river left at the entrance of Whitt Riverbend Park and before the Route 460 Bridge.

RIPPLEMEAD TO BLUFF CITY

995 RIPPLEMEAD ROAD,
RIPPLEMEAD, VA 24150

Distance: 8.5 miles
Estimated Float Time: 4 hours
Estimated Fishing Time: 8 hours

One of the best whitewater runs in all of Virginia, offering Class I and II's throughout the entire length of the float. In addition to scenic, towering bluffs along the banks, this is one of the top paddling trips in the southeast. Big Stony Creek, a stocked trout stream, enters on river right about halfway through the trip and Clendenin Shoals, located about 2 miles from the takeout, is a strong Class II rapid with large wave trains throughout. Smallmouth and musky fishing is good throughout the float, particularly in the oxygenated riffles during the warmer months. Take out on river left just below the Route 460 Bridge.

Estimated Fishing Time: 4 hours

Mostly smooth water with one long shoal about a mile into the float. Take out is on river left at VDGIF ramp at Camp Success Park in the town of Narrows just downstream from the mouth of Wolf Creek. **WARNING:** Narrows Falls, a dangerous Class III rapid that descends 7 feet in 50 feet of river, looms downstream of the takeout and presents numerous hazards in its course including the remains of an old dam.

NARROWS TO GLEN LYN

2000 VIRGINIA AVENUE,
NARROWS, VA 24124

Distance: 5.5 miles
Estimated Float Time: 2.5 hours
Estimated Fishing Time: 6 hours

A very calm float with several riffles and big islands dotting its course. Put-in at either the Lurich Road access on river left just downstream of Narrows Falls, or at the Rich Creek VDGIF ramp on river right about a mile downstream. Take out at the Glen Lyn VDGIF ramp just above the Route 460 Bridge at Glen Lyn Park. Camp Success now has a public, 18-hole disc golf course along the banks of the New River Water Trail that is free to enjoy.

GLEN LYN TOWN PARK is a quiet spot for camping, fishing, launching a boat, or walking, and **RICH CREEK'S WOODLAND PARK** is often used for athletic activities and community gatherings. The **NEWPORT RECREATION CENTER** is a central site for local events, art studios, youth activities and concerts. **EGGLESTON** is most delightful from a raft, boat or canoe on the New River, next to the Palisades Cliffs. Campgrounds along the river create fun experiences for all ages.

Biking

Bike Races

MOUNTAINS OF MISERY PEMBROKE

Mountains of Misery is a challenging bike ride for dedicated road cyclists through the heart of southwest Virginia. The annual timed event features century (100+ mi) and double-metric century (200 km/124+ mi) options—both ending in a tough, four-mile 12%–16% graded climb to the finish. mountainsofmisery.com

SPRING UP WOLF CREEK BIKE RIDE NARROWS

Spring Up Wolf Creek bike ride begins at 12 noon in April. Proceeds support sight conservation, provide glasses for the needy, and help for the blind. This is a fun ride for the entire family and an awesome spring adventure along Wolf Creek. The ride starts in Narrows and goes to Rocky Gap, returning to Narrows. Take your pick of a 20 mile, 32 mile or 42 mile round trip. Ride as much or as little of the course as you want. Enjoy the spring foliage and serene ride along Wolf Creek. The ride starts and ends at Ragsdale football field in downtown Narrows. One free T-shirt per single or family registration will be provided if registered by date on website. T-shirts will be available for \$5 each on the day of the ride while supplies last. <http://springupwolfcreek.org>

Mill Creek Nature Park is a 146 acre park owned by the Town of Narrows with 2 miles of sweet, sidehill single track. The riding is moderate to easy gradient with a small terrain park on the Upper Loop. There are logs and rocks on the trail for the more adventurous rider. If you are looking for a longer ride, there is an additional 16 miles of trails on the adjoining National Forest property. The first 2 miles of this section are steep and rocky, but after reaching the top the riding is moderate with beautiful scenery and overlooks. These trails are well worth the effort for more experienced mountain bikers.

The Mountain Lake Conservancy manages 2,600 acres of mountainous terrain that encompasses a unique ecosystem due to an average elevation of over 4,000 feet. More than 20 miles of fern-lined trails are open to the public for biking year-round. These pathways are perfect for summer bicycle riding as temperatures are typically 10 to 15 degrees cooler than in the towns and valleys.

From early spring to late fall, diehard mountain and recreational bicyclists participate in annual events throughout the county. The popular Mountains of Misery in May and Ride-River-Run and Dirty Dawg in July bring cycling enthusiasts from up and down the East Coast who live for a challenge.

The artisans here work their magic by putting their heart and soul into each piece. The single melody of a handmade banjo shares a tapestry of mountain tales in traditional songs. The artisans on the Giles Trail have carved, molded, melded, painted and quilted unique and creative art that is found in the quaint hamlets scattered in the mountains and valleys of Giles County. Wish You Well

Dirty Dancing

Film

With many beautiful locations year-round it makes Giles a prime location for film. The Giles County Film Office strives to make filmmaking easier by meeting with scouts and production companies from the moment they begin looking at locations until they wrap. Contact the Giles Film Office at gilesfilmoffice@gilescounty.org.

Celebrating its 30th anniversary in 2017, Dirty Dancing released in 1987, starring the late Patrick Swayze and Jennifer Grey was filmed at Mountain Lake Lodge. "Kellerman's Resort" and Dirty Dancing went on to win the Academy Award for Best Original Song and a Golden Globe and Grammy. Guests still flock to Mountain Lake to relive the magic of Dirty Dancing.

Wish You Well filmed in 2012 and based on a best-selling novel by David Baldacci brings his original story to the big screen with Life Out Loud Films, Copper Beech Productions and Baldacci Entertainment. The film stars Josh Lucas, Mackenzie Foy, and Academy Award Winner Ellen Burstyn. It was filmed throughout Giles County including Eggleston, Newport, Pembroke, and Pearisburg. Residents filled in and streets were transformed to recreate the scene of a coal mining town of the 1940's.

History

Giles County was established in 1806 and is named after William Branch Giles. Giles County is part of the Fincastle Turnpike along the Wilderness Road. Prior to the influx of Europeans in the 1830's, Giles had Native American and pioneer settlements. Evidence of their presence has been dated back more than 10,000 years. The first evidence of white settlers was that of a Mary Porter who was killed by Indians in 1742 in the far western part of modern day Giles. Adam Harman is believed to have established the first permanent settlement in Giles in 1745. It was on his property in Eggleston that Mary Draper Ingles returned after being captured by Indians in 1755. You can now retrace some of those steps along the Mary Ingles Trail along the New River in Glen Lyn.

Our Courthouse which is a prominent fixture in Pearisburg has been in continuous use since 1836. That along with many remaining churches

provide a glance into the stories of the communities of Giles. Much of the land in Pearisburg was donated by Captain George Pearis. He is buried and visitors can still hike to the Pearis Cemetery along the Appalachian Trail. Also at this location, visitors can see a large Magnolia acuminata or Cucumber Magnolia tree. Another large specimen can be found in the front yard of the historic Giles County Club, also in Pearisburg.

Giles County is also home to three of the few remaining covered bridges in Virginia. The Sinking Creek Covered Bridge, built in 1916 is open to the public and is maintained by Giles County. The picnic tables and serene park allow visitors to sit and ponder the days when this was used as a main thoroughfare for people living in Clover Hollow. We encourage you to explore our Driving Tours and points of interest through our friendly communities.

ANDREW JOHNSTON HOUSE AND MUSEUM

In 1987, the Andrew Johnston family heirs deeded the family home and property to the Giles County Historical Society. It was placed on the National Register of Historic Places, and the museum opened in 1997. A 2-car garage is now a Research Room with documents of interest to Giles County historians and genealogists. The 1829 Federal-style, brick home features 22-inch thick walls, log floor joists 12 inches thick, period stenciling and bright, high-ceiling rooms that depict fine, country living in the 1800s. The Giles County Historical Society is headquartered here.

Open Wed. - Friday, 12-5 pm | Sat. - Sun., 2-5 pm Admission is free.

Eggleston

gilescounty.org/eggleston

The first permanent Giles County settlement, Eggleston was originally called Gunpowder Springs for the odor from a local sulfur spring. Sitting quietly along the New River adjacent to the picturesque Palisades Cliffs, Eggleston is once again being built up as a small resort town with a quality restaurant, charming gift shop and lodging.

Narrows

townofnarrows.org

Narrows, settled around 1778, gets its name from the historic "narrows" point where the New River cuts through the ridges of East River and Peters Mountain. Among the attractions in Narrows are the Narrows Town Park ("The Boom"), Camp Success Park, Narrows Farmer's Market, Veteran's Memorial, Mill Creek Nature Park and the Duck Pond. (540) 726-2423

Pembroke

pembrokeva.org

The Cascades waterfall in Little Stony Creek Valley spills 66 feet to gentle pools below. Mountain Lake Conservancy (2,600 acres), the area's outfitters, restaurants, New River access and miles of hiking and mountain biking trails surround the town, incorporated in 1948, two centuries after the first settlers. (540) 626-5333

Glen Lyn

glenlyn.org

The Town of Glen Lyn, on the Virginia-West Virginia border, is host of a flea market every weekend in summer and fall at the Town Park, and a stone marker for "Mary Porter, killed by Indians, 1742" documents a very early settlement in the region. (540) 726-7075

Newport

newportrecreation.com

The Village of Newport is home to the oldest agricultural fair in the state, organized in 1936 as an educational enterprise, and held the second Friday and Saturday in August. With covered bridges, widespread farms and a small town atmosphere, Newport is a charming place. (540) 544-6822

RICH CREEK

RICHCREEK.ORG

Rich Creek, on the border of West Virginia, is affectionately known as the "Gateway to Giles County." Its well-known and anxiously awaited Harvest Festival is held each September. Woodland Park, the community center and public library are active resident gathering spots. (540) 726-3260

Pearisburg

pearisburg.org

Pearisburg is the county seat and largest town in Giles County. It is on a plateau above the New River at the approximate geographic center of the county. Downtown is home to restaurants and stores, and the Giles County Courthouse is an outstanding example of Federal architecture. (540) 921-0340

White Gate

gilescounty.org/whitegate

A quiet drive through the countryside should definitely include the small community of White Gate. Renowned for wide, green valleys of farmland and old homes, this Amish enclave offers farm fresh vegetables, homemade breads, jams, quality crafts and homemade ice cream.

Town of GLEN LYN

Nestled in the foothills of East River Mountain and bisected by the New River and East River, Glen Lyn's history dates back to 1742. Local residents report having seen a hand-carved stone inscribed: "Mary Porter killed by Indians, November 28, 1742." This pre-dates the Draper Meadows Settlement by seven years, though Draper Meadows is recognized as the oldest settlement west of the Alleghenies.

This little mountain hamlet has developed its town park and walking trails that run parallel to and offer photogenic views of the New River. The Dr. F.D. Morse Walking Trail is about three miles, and the Mary Ingles Trail under construction runs nearly eight miles. The ACCE mud race, music shows and flea markets occur in warm months. More than three dozen campsites include water and electric and another 15 primitive sites are being designated for the no-frills camper. Visit glenlyn.org or call 540-726-7075.
