Mr. McCoy opened the public hearings, and Mr. Berkman called the Planning Commission to order. Members of the Commission present at the meeting were as follows: J. Berkman, P. Baker, R. Browning, B. Johnson, T. Pitzer and G. Snider.

REZONING OF TAX PARCEL 28-22 FROM RRA-1 TO MH-1

Mr. Ross indicated the Planning Commission received a request to rezone Tax Parcel 28-22, 1124 Cascade Drive, Pembroke, Virginia. The applicant is Price Bolding, LLC, and the property is owned by Terry Jones. Mr. Ross explained the intent of this change is to allow three mobile homes to be placed on the lot. He indicated that a change on the site plan would need to be made to indicate that the minimum height depth for a mobile home is 95 feet. If Mr. Price changes the angle, there should be no compliance issues. He indicated two additional parking places would be required, and the application would be revised to reflect the change. Mr. Price stated the intent is to compliment the neighborhood and in no manner change it negatively. He indicated they expanded parking to improve safety concerns.
Ms. Rachel Sadler, a nearby resident, asked if the mobile homes are aged or new, and if this would affect property values. Mr. Price indicated they are new, and he plans to manage the use of the units. Mr. Ross also demonstrated the floor plan. Mr. Ross indicated the property is no longer located within the floodplain, and the site plan might need revised to reflect a 35’ front setback. Mr. Price confirmed that he will be responsible for maintaining the mobile homes, and he will assure the units will be a positive impact for the area. With no further questions or comments, Mr. McCoy closed this portion of the public hearing and indicated it would be returned to the Planning Commission for further recommendations.

PROPOSED AMENDMENT TO THE FUTURE LAND USE MAP DESIGNATION FROM AGRICULTURE TO RESIDENTIAL
Mr. Ross indicated that parcel 28-22 would also require an amendment to the Giles County Comprehensive plan to change the future land use map designation from Agriculture to Residential for Tax Parcel 28-22. Mr. Ross explained that Mr. Price is under contract with Mr. Jones to become owner of the property if the requests are approved. He confirmed they have had discussions with VDOT and are on public utilities. Mr. McCoy closed this portion of the public hearing and indicated it would be returned to the Planning Commission for further recommendations.

A PROPOSED REZONING OF TAX PARCEL 46A-1-12 FROM THE CURRENT ZONING DESIGNATION OF B-2 TO THE “NEWPORT VILLAGE DISTRICT”.
Mr. Ross indicated that this was a clean-up item from the zoning changes for Newport and Ms. Geller, owner of Tax parcel 46A-1-12, requested her property be included as the Newport Village District. With no question or comments, Mr. McCoy closed this portion of the public hearing and indicated it would be returned to the Planning Commission for further recommendations.

PROPOSED AMENDMENT TO THE FUTURE LAND USE MAP DESIGNATION OF TAX ID 46A-1-12
Mr. Ross indicated a proposed amendment to the Giles County Comprehensive Plan to change the future land use map designation of Tax ID 46A-1-12 from the current map designation of “Commercial” to “Village” designation would be required. With no question or comments, Mr. McCoy closed this portion of the public hearing and indicated it would be returned to the Planning Commission for further recommendations. Mr. Berckman adjourned the Planning Commission. Mr. Ross advised the next Planning Commission meeting will be held at 5:00 pm on Tuesday, October 26, 2021 at the Giles County Administration Office located at 315 North Main Street, Pearisburg, Virginia.

PROPOSED EXPANSION OF CDBG BUSINESS RESILIENCY GRANT
Mr. McKlarney outlined current numbers of grants received and funded. He explained the plan is to expand the grant to include Christiansburg, Blacksburg and Radford. Mr. McKlarney indicated the funds allocated to other counties could not be transferred to Giles if not used. Mr. McCoy asked for any comments or questions. Hearing none, he closed this portion of the public hearing.
PROPOSED ORDINANCE TO REESTABLISH EXISTING ELECTION DISTRICT BASED ON 2020 CENSUS DATA

Mr. Chidester stated the county has to look at voting districts if there is a five percent deviation in the census numbers. He indicated each voting district represents 1.67 members of the Board of Supervisors. Mr. Chidester related the numbers in each district and stated there is a total deviation of eight within the numbers, which is less than in 2010 and is within the limits of deviation. He advised the ordinance readopts precincts the county had previously and stated each precinct. Mr. Chidester explained state districts could change at a later time, and there could be a need for a change if the state splits precincts. Mr. McCoy asked for any comments or questions. Hearing none, he closed the public hearing.
